Park. Punahou vs. Y. M. C. A.  
at 2:30. Mailes vs. Iolani at  
3:30.

Baseball Sunday. Metro-Hilton  
Meat Co. vs. Infantry at Kapiolani  
Park at 2:30.

Golf Tournament at Manoa Club  
Sunday morning at 9:30.

## SOLDIERS AND MEAT MEN

"Billy" Heilbron's bunch of meat jugs  
will cross bats with the soldiers  
of Camp McKinley on Sunday after-  
noon at Kapiolani Park. This is the  
second meeting of these two teams,  
the first game going to Uncle Sam's  
men.

Bushnell, Evers and Lunell will be  
seen in the butchers' line up. Van  
Vleet, Davis, Hanna, Ringland and  
Schofield will play for the Camp boys.  
A week from Sunday the All-Portu-  
guese will play the Soldiers a return  
match.

## SCHOOL ATHLETICS

Both the Oahu College and Kam  
campus present busy scenes these  
days. At each institution men are out  
on the cinder path working hard for  
various field events.

At Oahu College the boys are train-  
ing for the coming interclass field day.  
There is much rivalry between the dif-  
ferent classes and the coming meet  
promises to be a spirited one. Equally  
as much interest is being taken on the  
tennis courts as on the track. Fifty  
or more tennis players are putting in  
hard licks to get into shape for the  
coming tourney. Amongst the boys  
the prize cup offered is beginning to  
cause much talk. The girls are equal-  
ly enthusiastic over their tennis tour-  
nament and each will try to carry off  
the cup offered by H. E. Cooper.

Out at the Kaim School everything is  
track. There are more men out trying  
for places on the track team than ever  
before. Each night sprinters, jumpers  
and weight-men are out in uniform  
trying to break records. If work has  
anything to do with it these boys  
wearing the "K" will make things  
warm in the Boys' Field Day meet. The  
girls here are devoting their attention  
to hockey and working with the inten-  
tion of meeting the Oahu College girls  
in a hockey match.

At the High School everything is  
quiet and it looks as though there  
would be "nothing doing" in athletics  
there until baseball season opens.

The Iolani boys have gone soccer-  
mad and every evening they can be  
seen practicing the English game.  
St. Louis at present is doing nothing  
in the way of sports.

## HITCH IN WEIGHT

Sullivan and Hulihul are making a  
hard fight over the weight question. If  
these two boxers put up as hot a fight  
in the ring as they are over the weight  
the sporting public will certainly be  
treated to a rare exhibition of the manly  
art of self-defense.

Hulihul wants 135 pounds at 3  
o'clock or 140 pounds ringside. He  
insists that he can easily do 133 and  
keeps no good reason why he should  
give away any more weight than nec-  
essary. Bill claims that he is a pure  
light and not a welter weight. Sulli-  
van, on the other hand, does not see  
why he should do such a light weight  
and concede other points to the local  
lad. Sullivan is willing to box catch-  
weights, winner take all. It looks as  
though these two glove artists are go-  
ing to have a merry battle of words  
before the articles are signed.

Sullivan does not believe in waiting  
and has entered into a course of train-  
ing that he figures will put him in the  
best of condition in this climate. He  
is a good-looking chap and has all  
the marks of a tough customer to han-  
dle in the ring. Those who have had  
the opportunity of seeing him work  
out claim that he is a sure winner.

## HALIWA TRIP

Every golfer who possesses a set of  
clubs will drive and put on Sunday  
morning in a tournament at Manoa.  
The result will determine the eight  
who will be given a free trip to Hali-  
wa to participate in the match that is  
to be held there on a week following.  
These trips are becoming very popular  
of late. The late contest played on the  
seaside links was highly successful and  
everyone had a delightful time and are  
ready for another.

Members of the Manoa Club will  
struggle desperately for a free passage  
with a meal ticket thrown in. The fel-  
low who is so successful as to get into  
the eight will "swell up" with pride as  
being an honored guest of the hotel  
for at least one day.

Play will begin at the club at 9:30 a.  
m. The eight banding in the lowest  
scores with handicap will be declared  
the winners.

## PUNAHOU VS. H. A. C.

The baseball fans will be treated to  
the real article on Washington's birth-  
day, when the old rivals, Punahou and  
H. A. C.'s come together for a nine-

round battle. These two teams always  
put up a good exhibition of baseball  
and the great day will be anxiously  
awaited by the fans.

In a game played between these same  
two teams on New Year's day the Pun-  
ahou won. This time the H. A. C. will  
try and turn the tables on the college  
boys.

## GANS BEAT SULLIVAN

Joe Gans, the colored lightweight of  
Baltimore, downed the progressive  
career of Mike "Twin" Sullivan last  
night. It took the chocolate just fif-  
teen rounds to do the trick.

Gans has had a varied record in the  
ring and has been mixed with some  
shady looking fights. He is recognized  
as one of the cleverest men in the ring.  
The blame for Gans' crooked  
work is laid at the door of his manager,  
Al Herford. Gans is now doing his  
own business and claims that he will  
never again enter into a crooked fight.  
In a previous meeting Gans and Sul-  
livan fought a draw. It is claimed that  
Sullivan had much the better of the  
argument.

## KENNEL CLUB PROGRESSES

Each day sees additional names on  
the membership list of the Kennel Club  
and it now looks as though there is no  
doubt but what the project will go  
through with flying colors. Will Fisher  
states that each day new names are  
added to the list.

Dog fanciers are beginning to figure  
upon the entries that they will make  
in the coming dog show. Honolulu  
will be quite up-to-date when the first  
bench show is on.

Following are the names that appear  
on the charter roll: Ralph A. Lyon,  
Colin Campbell, T. A. Simpson, W. R.  
Lewis, A. R. Rowat, C. E. Meston, Job  
Batchelor, Thos. Sharp, Chas. Huestace,  
Jr., W. H. Charlock, C. L. Crabbe, C.  
Charlock, Will E. Fisher, D. J. Styne,  
C. L. Sprinks, Wm. Witters, H. M.  
Whitney, E. W. Campbell, Fred White-  
ley, John Woods, Geo. L. Higelow, J.  
M. Dowsett, C. F. Littlejohn, J. H. Cat-  
ton, John Kelly, A. N. Campbell, H. B.  
Giffard, G. P. Wilder, F. B. Damon, G.  
Fuller, D. Austin, J. E. Fullerton,  
R. W. Shingle, Juanita Beckley, C. E.  
King, D. Abrams, Albert Waterhouse,  
Nelson B. Lansing, E. R. Adams, John  
Fleming, W. J. White, Theo. Hoffman,  
C. C. Ludington, C. W. Macfarlane, W.  
T. Monsarrat, W. F. Heilborn, H. E.  
Gares, J. E. Whitney, E. McInerney, D.  
Lishman, A. E. Lloyd, W. J. Moody, J.  
W. Harvey, J. Colburn, Chas. G. Bart-  
lett, L. C. King.

## CAMPBELL SELLS ADVANTAGEOUSLY NEW BOND ISSUE

Governor Carter last night received  
a cablegram from Treasurer Campbell  
stating that he had sold the \$750,000  
bond issue at 98 1/2. He did not say  
whether the sale was private or com-  
petitive. The Governor in return cabled  
his approval.

These bonds will bear interest at 3.66  
per cent, the lowest rate obtained so  
far on Territorial bonds. If the rate  
of sale and the interest are considered,  
the money for the bonds will cost only  
3.66 per cent net. An added advantage  
about this issue is that the bonds may  
be issued as the money is needed to pay  
for public works, so that the Territory  
will not have to pay interest for money  
lying unused in the treasury.

The London newspapers always quote  
the title in mentioning General Booth.  
In a recent paragraph of twenty lines the Times  
quoted "General" six times.

## PACIFIC IMPORT CO.

## HAWAII SHOULD NOT FEAR COMPETITION

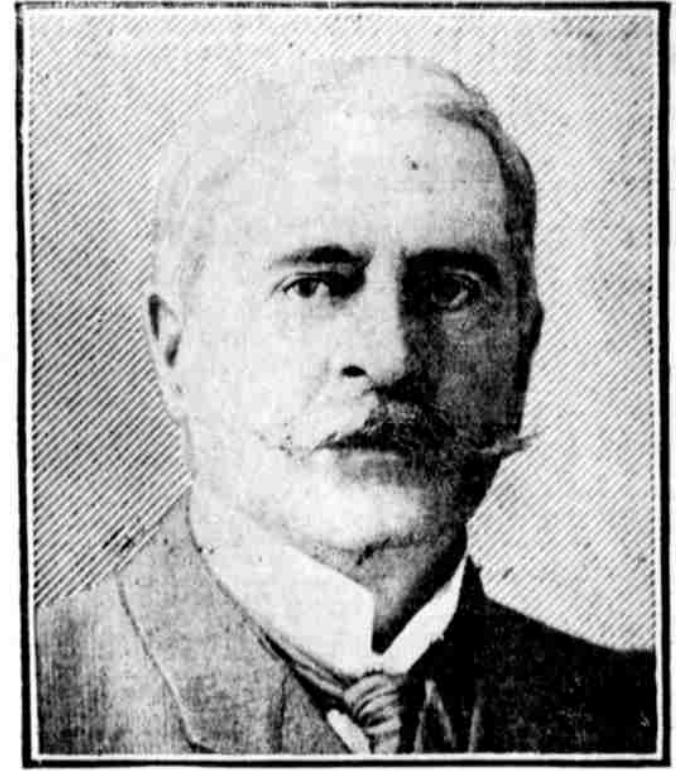

The position which Chairman  
Payne of the Ways and Means Com-  
mittee took in regard to Hawaii in the  
debate on the Philippine tariff bill in  
the House of Representatives on Jan-  
uary 4 is shown by the Congressional  
Record to have been somewhat exag-  
gerated. Payne in the debate stated  
as follows:

"Now, Mr. Chairman, what will be  
the effect of the passage of this bill re-  
ducing this rate of duty to 33 cents a  
hundred pounds, or a third of a cent  
a pound, upon the sugar industry of  
the Philippine Islands? I do not be-  
lieve it is going to give them a market  
in the United States. I do not believe  
it is relief enough to help them here  
—at least, I am very much in doubt  
about it—for the three years that this  
duty is to be placed upon the sugar.  
It will stimulate the price in China.  
We have examined a good deal into  
the price of sugar in the Philippine  
Islands under their present methods,  
which, of course, could be improved if  
we could get the capital to go over  
there; and yet with the improved  
methods in the Hawaiian Islands, they  
do not seem to have revolutionized the  
cost of sugar. They have better sugar  
lands there than they have in the Phil-  
ippine Islands. They have had free  
sugar into the United States for about  
thirty years—absolutely free. They  
have built up an industry there in the  
Hawaiian Islands of 370,000 tons a  
year. They have some very rich  
lands. They have some lands there  
that have produced the record crop of  
the world. I saw some land near Pearl  
Harbor—and bought it by the Govern-  
ment of the United States, but now un-  
der the control of the owners on a cer-  
tain leasehold arrangement—where  
they told me that in one year they  
had produced eleven and twelve tons  
of sugar per acre. The managers of  
that plantation say that they do not  
think that the extra amount of sugar  
pays for the extra expense in cultiva-  
tion and in fertilizing."

Mr. McGavin—I would like to ask  
the gentleman from New York what  
the reason is for excluding sugar from  
the absolutely free list?  
Mr. Payne—I am sorry that my  
friend was not here when I commenced.  
I said that the only reason was  
for the sake of revenue. They need  
the revenue. There is no other reason  
that I know of.

The gentleman from New York then  
touched upon the amount of revenue  
produced by sugar, and continued: "I  
remember now that I was talking  
about Hawaii, and free sugar there,  
and the result. Mr. Hatch, who is re-  
tained by the business people of Ha-  
waii to look after their interests in  
Washington, appeared before the com-  
mittee. He does not want this bill to  
pass, and they do not want this bill  
to pass. They are afraid that it will  
jeopardize something in Hawaii if this  
bill passes. Still, he tells about the  
result there. While these lands that  
I have referred to produce eleven to  
twelve tons per acre on this one plan-  
tation, they are able to produce but  
from two to three tons per acre on the  
average land in the Islands. And they  
say that on their investment of \$65,  
000,000 in plantations the last two  
years, the return was 2.7 per cent, profit  
to the whole island. Now, if with  
American capital and Hawaiian capi-  
tal, it with the best machinery in the  
world, it with steam plows and the  
highest and best methods of cultiva-  
tion for producing sugar in the world,  
this is the result after thirty years of  
free trade with the United States, what  
in the name of common sense has any  
interest in the United States to fear  
from the Philippine Islands?"

"Why, Mr. Chairman, I visited one  
of the plantations in the Philippines  
and saw a sugar mill. They had car-  
abao power with which to grind the  
cane. They had a carabao at each end  
of a mill, and a boy to drive the carabao.  
They had a three-roller mill, and they  
fed the rollers with one stalk at a time.  
Now, you expect that these peo-  
ple, with these crude methods, with-  
out any understanding of the modern  
means of producing sugar, to walk at  
once into the position of the Hawaiian  
Islands, and to be able to come into  
your market and sell sugar at the same  
travagant profit of 2.7 per cent, profit  
quoted (General) six times."

HERBERT H. D. PEIRCE.

H. H. D. Peirce, who pronounced his name as though it were spelled  
"Purse" and who, it is said, may soon become minister to Norway, is assist-  
ant secretary of state and had charge of the arrangements for the Portsmouth  
peace conference. Mr. Peirce is a native of Cambridge, Mass., and a gradu-  
ate of Harvard and of the Royal School of Mines, London.
